# DARUMA VESSEL

～ただでは転ばないダンディなヤツ～

美濃焼のフタ付き湯呑み。茶碗蒸し・梅干し壺などにもお使いいただけます。フタは、逆さまにしてティーバッグやお茶請けを置くトレイにもなります。

Inspired by the Japanese green tea cup, this Daruma Vessel sports a stylish Fedora, transforming it into a multipurpose vessel to be used in a variety of ways, so let your imagination wander. Use it to make Japanese savory egg custard (Chawanmushi), or to store pickles inside, (such as Japanese pickled plums or Umeboshi). Turn the hat lid upside to use as a holder for tea bags or for sweets to accompany your tea.
